Contract Number: BA-2011-RO-017-PS

Contract Title: Project E-Gate

Description:

This Request for Qualifications (RFQ) is seeking Statements of Qualifications (SOQ's) from a limited number of Contractor lead teams (Proposers) for the development of a solution to automate E-ZPass gated lane interventions systemwide.

The New York State Bridge Authority is requesting information to qualify a vendor or group of vendors to assist in the development and deployment of an unattended toll booth transaction process in a gated E-ZPass lane. The Authority currently uses on site staff to physically handle payment problems in the E-ZPass only lanes. The preference of the Authority is to retain the gates that automatically rise with a successful E-ZPass read and develop a solution to solely handle interventions.
