

MWBE Solicitation Waiver Request

Contract No.: BA2016-RE-103-CM	Facility: Newburgh & Mid-Hudson Bridges
Project Description: Deck Shoring & Steel Repairs	Contract Value: \$7,500,000.00
	Contract Term: November 30, 2017
Agency contact information: Name: Tara Sullivan Email: tsullivan@nysba.ny.gov Phone number: 845-691-7245	

Description: Installation of underdeck shoring for the Newburgh-Beacon Bridge, north span; Structural steel repairs for both spans of the Newburgh-Beacon Bridge(s). Mid-Hudson bridge structural steel repairs for the main bridge and the east approach railroad arch structure.
Reason for Request: This project involves specialized structural steel repairs, structural pin removal & replacement, structural repair jacking and under-deck shoring installation for three (3) long span Hudson River crossings. The scope of work also involves temporary scaffolding installation just to get to the repairs areas some 150ft above the Hudson River. We request establishing the MWBE goals at 5% each due to limited opportunity for sub-contractor participation. MWBE participation will be from material suppliers.
Recommended Goal: MBE <u>5</u> % WBE <u>5</u> %
