

**Category:** Construction Services

**Contract Number:** BA-2012-RE-114-DE

**Contract Title:** Newburgh-Beacon Bridge South Span Electrical System Design

**Description:**

The New York State Bridge Authority is seeking proposals from firms of licensed professional engineers to design the electrical system replacement for the Newburgh-Beacon Bridge South Span. All SEQRA tasks and all necessary permit pre-applications are a part of this assignment.

The scope of the project is to replace all of the electrical power cabling on the bridge from each of the two electric service connections located on the east and west ends of the bridge. Included are all transformers, service outlets, street lights (including street light heads), power and distribution for the cameras, LUS, VMS, aerial beacons, fog horns and RACON fixtures.

Requirement: Firms must be licensed professional engineers with extensive experience with the NYSDOT, Bridge Authority, or other government agencies. Firms must comply with the Authority's Equal Employment Opportunity Program, WBE and MBE goals.

To request the complete RFP package, please email Teresa Ceragioli at [tceragioli@nysba.ny.us](mailto:tceragioli@nysba.ny.us).

**Minority Sub-Contracting Goal:** 5%
