Montgomery, NY - Columbia, Dutchess, Greene, Orange, Putnam, Rockland, Ulster
Category:
- Architectural, Engineering & Surveying - Consulting & Other Services

Ad type: General

Entered by: Teresa Ceragioli
Description: The New York State Bridge Authority (the "Authority") invites qualified engineering and program management firms, including joint ventures, to submit proposals to serve as the Authority's Program Management Consultant (PMC), acting as an extension of the Authority's Engineering Department in planning, managing and controlling delivery of the Authority's Board-adopted 2027-2031 Capital Improvement Program (approximately $622 million). The initial term is one (1) year from Notice to Proceed, with the option to extend for up to four (4) additional one-year periods. Services will be authorized through individual Task Orders.

The successful PMC will support capital projects at the Authority's five (5) Hudson River crossings and the Walkway Over the Hudson, including program management, governance and reporting to the Authority management and the Board; program controls, including Primavera P6 scheduling, cost and budget control, earned value and cash-flow forecasting; project scoping and capital planning support; delivery-method and procurement support for design-bid-build, construction manager at risk, design-build and progressive design-build projects; independent design, constructability and estimate reviews; construction management oversight and change order and claim review; risk management, quality assurance and safety oversight, M/WBE, SDVOB and prevailing wage compliance monitoring; and stakeholder coordination.

Firms must demonstrate program management, construction management or owner's-representative experience on public-owner capital programs of comparable size and complexity, including at least three (3) public capital programs or projects with a construction value of at least $50 million each within the past ten (10) years, one of which involved a multi-year capital program of at least $150 million. Experience with long-span and suspension bridge rehabilitation under traffic and with alternative project delivery is preferred. The Program manager must be a Professional Engineer licensed in New York State, and continuous involvement of the proposed Key Staff is essential.

All inquiries and requests for the full proposal package must be directed to Teresa Ceragioli, Assistant to the Chief Engineer, at tceragioli@nysba.ny.gov along with an "Expression of Interest", including the firm's complete contact information.
